Criterion – VI_

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vision: We envisage a generation of youth sound of knowledge, competent in their chosen profession, and confident of their ability to steer society towards ever better values.

Mission: We at C.P. & Berar E.S. College strive for a continuous improvement of all processes and for providing an environment conducive to the pursuit of knowledge and overall personal growth. We aim at grooming future citizens with good employability skills and sound values that knit the fabric of society.

6.2 Does the Institution has a management Information System

Yes, the institution has a management information system in the form of a software called CMS (College Management System) which is updated every year. All processes including accounts, record keeping, digitization of old records, admission procedure, etc. are computerised and this has been very helpful in retrieval of data, analysis of the same for corrective measures and decision making in day to day activities.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

Curriculum development falls under the purview of the affiliating University and the college has no role to play in it.

6.3.2 Teaching and Learning

The IQAC is very helpful in improving the processes and policies of teaching and learning at the college. The Principal takes a keen interest in the working of the IQAC and closely monitors the design and implementation of strategies for improvement of teaching and learning.

Besides, the Principal also holds regular review meetings in which aspects of teaching and learning are discussed. To ensure discipline, he also does the rounds of the college and verifies that not only are classes being held regularly, but there is also sufficient strength in the class. He encourages the use of innovative techniques of teaching. He also often talks to students informally to find out their needs and grievances regarding teaching and learn

6.3.3 Examination and Evaluation

Examination and Evaluation is once again under the purview of the affiliating University and even internal assessment is only possible in a few select subjects. However, the college does have its own system of class tests, unit tests, practice examinations, etc. These are meticulously held although students tend not to take them very seriously as they have no bearing on their final marks. The IQAC keeps an eye on how these exams impact student performance in their university examination and, if needed, suggests ways to make it more effective.

6.3.4 Research and Development

The College has a well established Research Committee and all teachers holding Ph.D.s are de facto members of the committee. This committee furthers research by helping others complete their doctoral studies and by functioning as a peer committee for guiding paper writing by staff members.

Besides this, the college has always been very encouraging of efforts of staff where research is concerned. This is done by:

- Providing documentary support to any staff member who needs it for sponsorship of any conference, workshop, etc.
- Providing Duty Leave for staff who need to complete their Refresher or Orientation courses or to attend conferences and present papers.
- Passing a congratulatory resolution in college council meetings for any achievement of the staff including the award of a Ph.D. degree

In the presence of such a positive atmosphere, staff is able to conduct research diligently and this is borne out by the high number of Ph.D.s and research papers among the staff.

6.3.5 Library, ICT and physical infrastructure / instrumentation

The college has a very old and very well stocked library which is regularly upgraded with new books. In recent years, it has been running in a computerised fashion for provision of better services.

The college also has a very good computer lab where students are given training on how to use the internet. Some classes are also held here. All this is at no charge to the students.

The college has a fully functional gym at its Reshimbag ground and students can avail of this facility at a nominal fee

6.3.6 Human Resource Management

Human resources, whether in the form of students or teaching staff or non teaching staff is the real backbone of any organisation. The C.P. & Berar College is keen to nurture this resource.

- Students are exposed to much more than just the core syllabus in the form of NSS and NCC activities, cultural programmes, guest lectures, etc.
- Teachers are encouraged to constantly upgrade through refresher and orientation courses, undertaking research projects, registering for doctoral research, attending and presenting at conferences, attending workshops, etc.
- Non teaching staff is encouraged to undergo training in office software and keep abreast of upgrades. Their opinion on how best to execute office related processes is sought and valued.

6.3.7 Faculty and Staff recruitment

The precise procedure for faculty and staff recruitment is laid down by the government and the college abides by it at all times. Even regards our vacant positions, the college has diligently been putting up its case with the Joint Director (Higher Education), and plans to fill the vacancies immediately upon approval from the JD office.

6.3.8 Industry Interaction / Collaboration

The college has by now worked out MoUs with two different organisations with a view to provide training and employment to students of C.P. & Berar College.

6.3.9 Admission of Students

The following steps have been initiated by the Principal in quality improvement in the admission process:

- Maintaining transparency in the admission process
- Counselling students for the subjects best suited for their needs and aptitude
- Completing documentation at the earliest so that if a student is in possession of all documents, the entire process does not take more than a day
- Spreading awareness among students about the various welfare schemes of the government and those initiated by the college

6.4 Welfare schemes for

Teaching	<ul style="list-style-type: none"> • All schemes of the government applicable to teaching staff • Quarters to staff: These were occupied by many of our staff over the years. However, in recent years, as most people have been able to purchase homes of their own, they naturally prefer their own residences to staff quarters. One of these quarters is now being used as an office by the current MLA of the teachers' constituency. In this way, the teachers' interest is being served through the initiative of the management. • Credit Co-operative Society: For small short term loans, the management of the college encouraged the founding of a credit cooperative society. Many people have benefitted from the society so far.
Non teaching	<ul style="list-style-type: none"> • All schemes of the government applicable to teaching staff • Credit Co-operative Society: The same facility which is extended to the teaching staff is also extended to the non-teaching staff of the college.
Students	<ul style="list-style-type: none"> • All schemes of the government applicable to students • With the initiative of the Principal, a welfare scheme was started to help students from very poor backgrounds. Teachers collected upwards of one lakh rupees to be used towards students' fees. • Distribution of books to meritorious students

6.8 Does the University/ Autonomous College declares results within 30 days?

For UG Programmes Yes No

For PG Programmes Yes No

**According to the norm of the University, the result should be declared within 45 days of the examination and this schedule is usually adhered to except in cases where there are unexpected hurdles.*

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

Since the examination is conducted entirely by the affiliating university, reforms cannot be initiated by the college.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

The University does have a policy for granting autonomy to colleges which fulfil the requisite criteria. However, only technical colleges have so far evinced an interest as autonomy poses a slew of logistical and financial problems to colleges running traditional courses. C.P. & Berar College would also be apprehensive applying for autonomy in the face of these problems.

6.11 Activities and support from the Alumni Association

The C.P. & Berar College does have an Alumni Association and meetings of the same are held from time to time. However, it has not been possible to hold any consistent programmes with the alumni of the college owing to the personal commitments of the alumni and their inability to take out time from their busy lives. It may be noted though, that the alumni of this college have contributed financially from time to time for academic activities like conferences, etc.

6.12 Activities and support from the Parent – Teacher Association

The C.P. & Berar College does not have a strong Parent-Teacher Association as most students come from extremely challenging social and financial backgrounds and parents are barely able to make ends meet. Under the circumstances, the response of parents to education and related activities is not very enthusiastic and students are mostly left to fend for themselves.

That said, it is pertinent to point out that the college does try to reach out to parents and holds an annual parent-teacher meet where the progress of their wards is discussed. To make up for the unsatisfactory turnout, teacher guardians stay in touch with parents and keep them updated with the latest developments in college as well as their wards attendance and performance.

6.13 Development programmes for support

Staff NIL

6.14 Initiatives taken by the institution to make the campus eco-friendly

While no bigger initiatives were possible towards making the campus eco-friendly due to shortage of funds, plantation drives and programmes like 'Plastic Free Campus' are regularly undertaken by the NSS in rural areas around Nagpur.

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

Application of yoga as a tool for enhanced concentration as well as physical and Mental Health

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Dnyaneshwari Pathan
Rakhi Arpan to Soldiers posted on Border

****Provide the details in annexure (annexure need to be numbered as i, ii,iii)***

7.4 Contribution to environmental awareness / protection

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

With growing apathy of students particularly for Arts faculty there is a consequent impact on student strength in the year 2010-11 as compared to previous year. This is not limited to our college but an all pervasive phenomena in Vidarbha.
