Department of Economics

SESSION 2025-26

**Name of Activity: 'Bridge Course' in the subject
of Economics**

Brief Report

Subject: Report on the Organization of a One-Week Bridge Course in the subject of Economics

Collaborating Institutions: Department of Economics, C.P. & Berar Education Society's College, Nagpur, and Department of Economics, Shri Binzani City College, Nagpur.

Duration: 11.08.2025 to 18.08.2025

Introduction & Objective:

Under the auspices of the functional Memorandum of Understanding (MoU) between the Department of Economics at C. P. & Berar Education Society's College and Shri Binzani City College, Nagpur, a six-day Bridge Course was systematically organized for incoming Bachelor of Arts (B.A.) First-Year students.

The primary pedagogical objective of this intervention was to serve as an academic cushion, orienting and leveling the foundational subject knowledge of a highly diverse student cohort. Recognizing that a significant portion of newly admitted students transition from non-economics streams, the curriculum was curated to demystify core terminologies and provide a comprehensive

conceptual overview before the commencement of the standard academic session.

Program Execution & Session Details :

The short-term program spanned 6 to 8 hours of intensive faculty-student interaction. The inaugural session was conducted by Dr. Shriram Fartade, Assistant Professor at Shri Binzani City College, Nagpur, who established the structural framework of the course.

Over the six-day duration, the syllabus meticulously targeted fundamental economic principles, graphical literacy, and baseline methodologies. This targeted approach was specifically designed to:

- Bridge the structural knowledge gap between students with Higher Secondary exposure to Economics and those completely new to the discipline.
- Offer a rigorous revision framework for returning students to fortify their foundational concepts.
- Equip non-traditional students with the requisite academic confidence and psychological assurance to navigate complex curricular challenges in subsequent semesters.

Outcomes

Outcomes & Feedback Analysis:

The course successfully met its predefined institutional objectives. Statistical and qualitative indicators compiled post-program revealed the following:

- **Demographic Diversity:** Data indicated that approximately 50% of the registered student participants had no prior academic background in Economics.
 - **Student Engagement:** The cohort demonstrated robust participation and enthusiastic engagement across all interactive sessions.
 - **Feedback Metrics:** 100% of the participants submitted highly positive feedback, explicitly stating that the module enhanced their fundamental comprehension, mitigated academic anxiety, and fostered a genuine interest in the subject. Furthermore, students unanimously expressed a strong desire to participate in similar preparatory academic interventions in the future.
-
