

C. P. & Berar Education Society's College, Mahal, Nagpur

Department of Economics

SESSION 2025-26

Name of Activity: Collaborative Lecture Series

Brief Report

Organized By: Department of Economics, C.P. & Berar E.S. College, Nagpur

In Collaboration With: Shri. Binzani City College, Nagpur & Mahila Kala Mahavidyalaya, Umred

Introduction :

To provide students with expert insights, contemporary knowledge, and a broader academic perspective, the Department of Economics at C.P. & Berar E.S. College, Nagpur, hosted a collaborative state-level Online Lecture Series. This academic initiative was organized as a joint venture in partnership with Shri. Binzani City College, Nagpur, and Mahila Kala Mahavidyalaya, Umred.

The core vision behind this week-long series was to bridge the gap between abstract theoretical economic models and their practical, real-world applications. By bringing together diverse institutions, the program aimed to foster intellectual growth, encourage interdisciplinary research, and promote professional networking among both faculty and students.

Program Overview

- **Duration:** September 8, 2025, to September 13, 2025 (One Week)
- **Mode:** Online (Virtual Platform via Zoom)
- **Target Beneficiaries:** Undergraduate and Postgraduate Economics

Students of all three collaborating institutions.

- **Core Objective:** To enrich students' curriculum understanding, introduce contemporary economic developments, and cultivate research aptitude.

Profile of Esteemed Resource Persons :

The lecture series featured an elite panel of subject matter experts and seasoned academicians who delivered specialized sessions throughout the week:

- Dr. Shriram Fartade, Mr. Upendra Bagul, Dr. Vinod Dongarwar, Mr. Rahul Raut.

Key Themes and Session Proceedings:

Over the course of six days, the lecture series systematically covered a range of vital topics within macroeconomics, Indian economic policies, and research methodologies.

A. Bridging Theory with Practice:

The speakers successfully decoded complex theoretical paradigms—such as fiscal policies, market structures, and consumer behavioral patterns—and mapped them against current global and national economic trends. This approach allowed students to see how textbook theories directly dictate real-time economic decisions and government policies.

B. Contemporary Economic Developments:

Special emphasis was laid on analyzing post-reform developments in the Indian economy, the socio-economic impacts of digital financial inclusion, and the growing relevance of sustainable and environmental economics in rural and urban landscapes.

C. Promotion of Interdisciplinary Research:

The sessions encouraged students to look beyond traditional economic boundaries. Resource persons highlighted how economics intersects with sociology, data analytics, and entrepreneurial studies, thereby motivating advanced students to undertake empirical research projects.

Feedback and Student Engagement:

The collaborative nature of the event led to an overwhelming response, with high daily attendance from all three participating institutions.

- **Active Q&A Sessions:** Each lecture was followed by an interactive discussion block where students actively engaged with the speakers, asking critical questions regarding employment trends, inflation, and research practices.
- **Positive Feedback:** Student feedback indicated that the online mode was highly convenient and allowed smooth access to high-quality study resources. Participants noted that hearing from a diverse panel of professors greatly enhanced their conceptual clarity.

Permission Letter

Permission Letter

To
Principal,
C. P. & Berar Education Society College,
Mahal, Nagpur.

Subject: Permission to Conduct “Collaborative Lectures Series” on
8th to 13th September 2025.

Outcomes

Major Outcomes of the Collaborative Initiative

- **Institutional Synergy:** The program successfully demonstrated the power of academic collaboration, setting a benchmark for future joint ventures among colleges in the region.
 - **Academic Excellence:** Students gained exposure to teaching styles and expertise outside of their parent institutions, significantly boosting their academic confidence and critical-thinking abilities.
 - **Professional Networking:** The platform allowed faculty members from the three institutions to exchange pedagogical ideas, paving the way for future collaborative research and faculty development initiatives.
-
